

HUISARTS IN TWENTE

VACATURE

# HUISARTS

Huisartsenpraktijk Campus UT

IN **TWENTE** DOEN WE HET SAMEN

**Organization:** Our client is The Campus UT General Practitioners Office. The General practitioners office on the Campus of the University Twente has a focus on giving physical and mental medical care to students and employees of the University Twente and the Saxion High School in Enschede. The practice was established by the University in 1968. A patient population of mostly young, multi-culture and high-educated people. At this moment there are two GP-colleagues, two physician assistants, three doctors assistants and two psychologists and a general manager.

The General Practitioners Office is located in a health care center, with several other medical services.

Personal contact between the patient and the doctor is important. As such during appointments/consultations they take the time for their clients. But they also offer various online medical services for the convenience of their clients.

## PERSONEEL & ORGANISATIE

### Your role

As a general practitioner you provide patient consultations and initial medical care within a community-based setting. The job can be demanding but it is nevertheless rewarding and highly respected and it gives more opportunity for flexible or part-time work than other medical specialism. As a general practitioner you have knowledge of a broad range of illnesses and diagnose and treat patients of all ages, sexes and culture background.

As a general practitioner you are employed as independent contractor to work within local communities, as an employee or freelancer (ZZP).

## KENMERKEN PRAKTIJK

### Offer

They offer you payment in accordance with what is the scale of payment for GP's in the Netherlands. You will become part of the community of the University of Twente. If necessary they can support you in finding housing in Twente. Also assistance with your move to the Netherlands is possible. Expect lifelong learning throughout your career.

**The position is on a fulltime basis but for freelancers (waarnemer cq waarneming) based in or near to the Netherlands flexible options with a one day minimum are possible.**
